# JKSSB Teacher Syllabus 2025 - General Line Teacher Exam Topics

9 subjects · 69 topics · 120 min · 120 marks

JKSSB Teacher Syllabus 2025 covers Verbal Ability, Analytical Ability, General Awareness, Computer Basics, Environmental Science, Geography, History, Polity, and Economics. Download the official syllabus PDF.

**WHAT TO STUDY FIRST**

Given that the official syllabus for 2025 has not yet been released, it's advisable to prepare based on the 2017/2018 syllabus, which is widely used as a reference by coaching institutes. Start with the common sections like Verbal Ability, Analytical Ability, and General Awareness, as these are foundational. Prioritize understanding the weightage of each section from previous exams and focus more on high-yield topics. Regularly revise current affairs and computer basics, as these areas can be dynamic. For subject-specific topics (if applicable to your post), ensure you cover the core concepts thoroughly.
